No. 249.

WEDNESDAY, *January* 31, 1750.

MOSCOW, September 9.

HER Imperial majeſty has preſented lord Hyndford with her picture ſet in diamonds, valued at 12,000 Rubles. Laſt Friday a grand council was held in the empreſs's preſence, at which the ſenate, all the great officers of ſtate, the miniſters for foreign affairs, together with the great council of war, and the college of the admiralty, aſſiſted; in which, 'tis ſaid, ſome favourable reſolutions were taken with regard to the peace in the North. Her Imperial majeſty having notified to the ſenate her reſolution of returning ſoon to Peterſburg. Orders have been iſſued to the whole court to hold itſelf in readineſs to ſet out on the firſt notice.

Madrid, Sept. 16. Orders have been ſent to all the ports of this kingdom, for keeping the navy upon a better footing than it was during the late reign.

Copenhagen, Sept. 16. Two deputies from the duke of Saxe Hildbourghauſen were admitted yeſterday to a private audience of the king of Denmark, at which they preſented a letter, formally demanding the princeſs Louiſa in marriage for the duke their maſter.

Amſterdam, October 2. A deputy from their high mightineſſes aſſiſted at the court of directors of the Weſt India company held this day, in order to deliberate upon the method which muſt be made uſe of, for preſenting to his ſerene highneſs the prince ſtadtholder, the Diploma of governor general of the Weſt-Indies and of the colonies thereon dependent; as alſo, upon the dividend which is proper to be made upon the actions of the ſaid company.

Conſtantinople, Auguſt 22. The Porte is greatly concerned to hear that the baſhaw of Rhodes has been arreſted at Malta, as author or accomplice of the plot contrived in that iſland againſt the grand maſter and the knights of that order. This has been the more vexatious, as this baſhaw is the ſon of a captain baſhaw, one of the principal officers of the Ottoman empire, and beſides very much eſteemed at court. 'Tis aſſured that the grand vizir has ſpoken of this affair to the marquis de Deffalleurs, ambaſſador from France, and that his excellency has wrote to his court about it.

From the Paris Advertiſement, October 10.

By letters received from Genoa, bearing date the 20th of September laſt, we are informed, that advices were arrived there from Leghorn, intimating, that a conſiderable number of workmen were employed by orders from the court of Vienna, in removing all the valuable furniture out of the palace of the grand duke, where the governor general reſides.

As the like orders have been iſſued out for the removal of the effects that are contained in all the country ſeats of the former grand dukes, whoſe orders are the ſubject matter of ſome ſpeculation amongſt the connoiſſeurs.

The ſame advices, from Genoa, aſſure us, in general, that they have heard from ſeveral maſters of ſhips, that the iſland of Corſica was in a ſtate of peace and tranquility; but whether ſuch intelligence was to be depended on, they could not abſolutely determine, 'til they were rightly informed in what manner the new regulations which have been lately publiſhed there, have been received. 'Tis hoped, however, that they ſhall hear in a very ſhort time that they have met with a favourable reception.

Notwithſtanding ſuch hopes, there are ſome who pretend to know the temper of thoſe iſlanders perfectly well, in ſaid, that the inhabitants will never live in ſubjection to the republic of Genoa, let the meaſures propoſed be what they will.

There is a ſquadron of three Venetian men of war expected in that port, who are to ſail for Gibraltar, in order to be on the cruize againſt the Barbary corſairs.

Paris, Sept. 8. The refuſal which has lately been made of adminiſtring the ſacraments to the late Sieur Coffin, has made ſo much noiſe in this capital, and in ſuch manner divides the advocates and divines, that in ſpight of the rigorous Prohibition made by the king, in order to calm the minds of the people, and prevent an inſurrection, which there ſeem'd to be ſome danger of, from the warmth which has been expreſſed on both ſides on this ſubject, the feuds are ſtill rancourouſly kept up. It is very much to be apprehended, that his majeſty's zeal for preſerving tranquility amongſt the eccleſiaſtics and lawyers will not ſucceed, ſeeing there daily appear writings for and againſt this ſubject, and in ſuch numbers, that the public is overwhelmed with them. It is, however, not doubted by ſome people here, but that the gentle means that have hitherto been made uſe of by the king will in time produce the effect which is expected from them. His majeſty is not deſirous of making uſe of any other method than what proceeds from mildneſs, believing it to be the ſpeediеſt for remedying the preſent evil, foreſeeing that the continuation of theſe domeſtic diſſentions can of fail of being fatal to the moſt powerful city in this kingdom. There is indeed, an ordinance talk'd of, which, it is ſaid, is immediately to appear on this ſubject, and which will condemn to a ſevere puniſhment all thoſe who ſhall publicly enter into theſe diſputes, whether advocates, or any other perſons of what condition or character ſoever.

The news writers are again fixing the time of the departure of the infanta ducheſs of Parma, and now make it to be the 2d of October next. But as we have private intelligence, that ought to be rather credited than the public News papers, which aſſure us, that the demand of the Infanta for an augmentation of a penſion has not yet been complied with at Verſailles, one may conſequently infer, that the departure of her royal highneſs will not take place ſo ſoon as has been publiſhed, the having directions not to come away 'till ſhe has obtained an addition to the annual revenues of don Philip her conſort.

LONDON.

Auguſt 28. Friday night ſeveral fellows were detected in picking of pockets in Bartholomew fair, and being delivered into the hands of the mob, underwent the diſcipline uſual on ſuch occaſions; one of whom we hear is ſince dead, and two others are in danger of loſing their lives, from the ſevere treatment of the populace.

Sept. 25. The right honourable the lord Anſon will 'tis ſaid, be appointed one of the lords of his majeſty's bedchamber.

Sept. 23. By letters from China, lately arrived at the court of Madrid, we are aſſured, that the four Spaniſh dominican friars, who were taken with one of their right rev. biſhops of the ſame order, formerly put to death by the emperor's orders, having been ſentenced to have their heads cut off, had been ſtrangled with a bow ſtring in their priſon of Forlien, the capital of the province of Fodeu on the 28th of October, 1748.

By advices of the 17th of December, in the year laſt mentioned, from Macoa, a city of the province of Canton in the empire of China, we hear further, that the fathers Anthony, Joſaph, Henriques, and Priſtan of Auguſtis, all members of the ſociety of Jeſus, who have been loaded with chains in a dark dungeon, for having preſumed to promulgate chriſtian tenents in that country; after undergoing the rack, in order to oblige them to renounce the truth, had been likewiſe ſtrangled with a bow ſtring, the ſentence of their death having been firſt confirmed by the emperor's expreſs commands.

Sept. 26. We have advices from Duſſeldorp, that public prayers are put up in all the churches of the Palatinate, to beg of heaven to be preſerved from the locuſts, this dreadful plague having already travelled as far as the river Maya.

October.

October 6. We hear that a proclamation will speedily be publish'd for the meeting of the parliament on the 16th of November, to fit for the diſpatch of buſineſs.

Yeſterday a great quantity of ordnance ſtores were ſhipp'd on board a tranſport for Port-Mahon, on board of which ſeveral deſerters from lord Harry Beauclerck's regiment of foot, lately gone thither, will embark for that garriſon, in order to be tried by a general court martial. Several recruits, now in the Savoy, will alſo embark on board the ſaid veſſel.

Sept. 16. There is a project upon the carpet for making a cauſeway from Liege to Cologn, by means whereof the merchandize and goods of England, which are landed at Oſtend and Nieuport, may be ſent directly into a great part of Germany.

We have advice from Carniola, that the town of Crainburg has been entirely reduced to aſhes, being ſet on fire by vagabonds in three different places.

Sept. 18. We hear the land tax will be reduced next ſeſſion of parliament to two ſhillings in the pound.

Wedneſday ſe'ennight ſailed from Portſmouth the Waſp ſloop of war, bound to Dunkirk, having on board ſome diſpatches for the court of France.

NEW YORK, December 4.

We have an account from Perth-Amboy, that on Tueſday evening laſt two ſeamen belonging to a Brig in that harbour, being at a tavern, one of them took occaſion to boaſt of his bravery; which the other reſenting a little, they agreed to walk out, and take a tryal at boxing; which having exerciſed a while, they were parted, and came in and drank friends, where the perſon who boaſted of his ſtrength, died in a few minutes after. We hear the other has ſince made off.

December 18. Monday laſt a very melancholly accident happened on board the brig Charming Polly, Capt. Ketelas, in this harbour, as they were firing the minute guns at the funeral of Mrs. Provooſt: A lad of about 15 years of age, apprentice to Capt. Riven, attended on the gunners, and ſtanding near one of the guns with a cartridge of powder under his arm, the cartridge unhappily took fire, and ſhatter'd his right arm in a very terrible manner, burning and hurting many other parts of his body: His arm was oblig'd to be cut off, as alſo the thumb of the other hand, and he now lies in a poor condition, though in a fair way of recovering, much contrary to the opinion of all that ſaw him in his mangled condition. This ought to be a warning for people to take more care when they deal with thoſe combuſtible matters.

ANNAPOLIS.

About a Fortnight ago, three Sailors belonging to the Ship *Ogle*, Capt. *John Brown*, going from *Dorcheſter* County in the Ship's Long-boat, loaded with Lumber, the Long boat filled, and they were all drowned.

A Gentleman in the hither Part of *Virginia*, writes, in a Letter of the 26th Inſtant, "We have had a very ſevere Win-"ter, and a very great Mortality among the People; whole "Families dying almoſt at the ſame Time."

Talbot County, *January* 20, 1749[50].

Mr. GREEN,

By the following Inſtructions to the Gentlemen who repreſent this County in the Lower Houſe of Aſſembly, (which is handed about here, and meets with a very good Reception,) the Public may ſee what Amendments our County think are neceſſary, in order to facilitate the Execution of our Inſpection Law.

To NICHOLAS GOLDSBOROUGH,
ROBERT LLOYD,
JOHN GOLDSBOROUGH, *and*
EDWARD OLDHAM, } *Eſquires.*

WE the Freeholders of the County of *Talbot*, hereto ſubſcribing, conſidering, That by Experience it hath been found, that the Act entituled, *An Act for amending the Staple of Tobacco, for preventing Frauds in his Majeſty's Cuſtoms, and for Limitation of Officers Fees*, with the ſeveral Acts made in Supplement thereto, are in ſome Meaſure defective; and that the ſupplying of ſuch Defects highly deſerves the Attention of the Lower Houſe of Aſſembly; and that it is the Duty of All, who are repreſented in it, to contribute as much as lies in their Power, towards the procuring ſuch Amendments as appear neceſſary for ſecuring all thoſe Advantages of an Inſpection Law, which, under proper Regulations, would naturally ariſe from it; Judge it our Duty, to recommend to you, our Repreſentatives, in the Lower Houſe of Aſſembly, to uſe your utmoſt Endeavours to procure the Enacting of the following Amendments.

Firſt, That the Inſpections be ſingle; or, that Inſpectors be obliged only to attend *one Houſe*.

2dly, That no Perſon be allowed to bring to the Inſpection-Houſe any Quantity of *Tranſfer* Tobacco, in Caſk, under *Eight hundred*, after the laſt Day of *June*.

3dly, That no Perſon be permitted to bring above *one Parcel* in a Year; and that the Inſpectors may refuſe any Parcel after the laſt Day of *June*.

4thly, That ſome Proviſion be made in the Caſe of a *ſick Inſpector*; as the preſent Method (of calling one from another Inſpection) ſeems rather to ſhift than remedy the Inconvenience, as we have experienced in this County.

We take the Liberty earneſtly to recommend theſe Things to you, hoping that the diſtreſſed Condition of the County, which loudly calls for ſuch Regulations; the great Difficulty of getting Inſpectors, to ſerve as the Law now ſtands; as well as the Senſe and Opinion of thoſe who have ſent you to repreſent them; will readily determine you, both to concur in, and to promote as much as in you lies, the Enacting of them at the enſuing Aſſembly: And we do aſſure you, that it is not from any Diſtruſt or Suſpicion, that we have recommended theſe Things to you; but becauſe we are perſuaded that it will be agreeable to you, to know our Sentiments upon Matters ſo important to the Good of the Province in general, and of our own County in particular.

N. B. *This Paper is already ſigned by a very conſiderable Number of* Freeholders, *and meets with general Approbation.*

Cuſtom-Houſe, ANNAPOLIS, *Cleared*,
Schooner Charming Polly, William Smith, for Antigua;
Schooner Charles-Town, Edward Rook, for Barbadoes.
